

## Reimagine Streets IFB

### Summary

Through a Shared Streets Grant, Townsend has a project to install Rectangular Rapid Flashing Beacons (RRFB) and ADA complaint crosswalks along with thermoplastic striping.

The work shall include furnishing and installing a solar-powered, pedestrian actuated, rectangular rapid flashing beacon (RRFB) system at the locations shown in the plans. RRFBs are intended to provide supplemental warning to approaching vehicles of the potential for pedestrians to be crossing in an adjacent crosswalk.

Contact Emy Hoff at [ehoff@townsendma.gov](mailto:ehoff@townsendma.gov) for copies of the bid documents

The project should be completed by May 31, 2022.

Bids are due by 2:00 PM Monday November 22, 2021
